

## **2010 Provincial Referee Upgrading Program Important Information**

---

In 2009, the CSA took over the in-service training for referees seeking promotion to the Provincial list of referees. They hosted a centralized course for all participants across the country here at the Soccer Center in Vaughan, Ontario. Due to the huge success of the 2009 program, the CSA is using the same format in 2010, and hosting another weekend in-service training session for upgrading referees seeking promotion to the Provincial list of Referees.

Referees who are looking to enroll within this course must pass both their fitness and written tests prior to the commencement of the course (no exceptions - including injuries). The OSA has tentatively set a date and location for all the Ontario candidates accepted into this program to run the fitness test and write the provincial upgrading exam. The tentative date is April 25<sup>th</sup> 2010, and all candidates will be expected to attend. We are waiting on confirmation of permits for a fitness track.

For those who pass the required fitness test and written exam will then be invited to attend the two day in-service training session which is being held on May 22<sup>nd</sup> & 23<sup>rd</sup>, 2010.

This is a CSA course and the CSA is not charging a fee for the course. Based on the location of the participant, the CSA will provide accommodations. However participants are responsible for the travel costs incurred to/from the exam, fitness test and course.

If you have any questions regarding the provincial upgrading program, please contact Kathleen McCarthy at [kmccarthy@soccer.on.ca](mailto:kmccarthy@soccer.on.ca) or by phone at (905) 264-9390 ext 243.
